Company  
mobile  
phone

### THE ROLES WE NEED

#### ★ Fire Alarm Engineers

**Locations:** Birmingham (B)  
& Wolverhampton (W)

Specialists in fire alarm servicing, maintenance, and fault finding. FIA or BS539 training would be a distinct advantage.

#### ★ Electronic Security Engineers

**Locations:** Midlands, Herts, Home Counties & PE Postcodes (LE, CV, VN, OX, RG, MK, LU, SG, AL, WD, EN, PE)

Experts in CCTV, Door Entry, Warden Call, and Access Control systems.

**Desirable: Experience with automated gates or auto doors!**

### THE PACKAGE & PERKS

- £34,000 - £38,000 Basic Salary
- Realistic OTE of £40,000 - £50,000+
- **Paid Door-to-Door:** Your time is valuable; get paid from the moment you leave the house.
- Fully fuelled company car or van provided.
- Unlimited overtime opportunities & dedicated call-out allowance.
- Company-subsidised pension scheme & death in service policy.
- Flexible working arrangements.
- Company mobile phone provided.

#### ★ What We Need From You:

- Minimum 3 years of experience in the Electronic Security and/or Fire Alarm industry.
- Confidence in fault-finding, maintenance, installations, and commissioning.
- Full UK driving licence.
- The ability to cover a 24-hour call-out on a rota basis is essential to be considered for these roles.
- Ability to pass BS7585 security screening and an enhanced DBS check.
